

## Terms & conditions for Models

Each model will pay £50 per 1.1ml

Each model will be placed with either a student or a fully qualified practitioner, that will be decided on the day by a staff member.

If you have been a model and you would like any dermal filler corrections from a student doing your filler or anti-wrinkle products, or top ups, this will be charged at full price and done by the owner or a fully qualified practitioner.

We will not fix a student's work, they are there to learn and won't have the experience a trainer has.

If you would like any dermal filler dissolved that has been administered by a student this will also be charged at full price.
